

# Stories of FREDERICK

*All towns and cities in our great state have stories to tell but none more fascinating than Frederick.*

Our 8:00am departure finds us in Frederick mid morning. On arrival enjoy a lite snack before touring the **Pioneer Heritage Townsite Museum** and the **Abernathy Boys Exhibit**. *Stroll through the Pioneer Townsite, possibly reminiscing of times when life was so much simpler and spend time at the Abernathy Boys Exhibit. Two Frederick boys became national celebrities at age 6 and 10 when they rode alone by horseback from Frederick to Washington DC in 1910. The IMPRESSIVE exhibit honors the boys by telling their unbelievable "story".*

A part of the Frederick story is the wonderful home cooking we enjoy here. Lunch is next on the agenda.

Afternoon - **Crawford Collection**- *The Crawford Collection consists of amazing trophy mount animals that the Crawford family of Frederick has assembled from their legal hunts throughout the world and beautifully displayed for everyone to enjoy. Approximately 170 specimens including lions, bears, a bull elephant, rhinoceros, python, giraffe, and more are displayed in a way in which visitors can get up close and personal.*

**Free time to explore downtown Frederick for some fun and unique shopping and we might happen on a "story" or two from shop owners and/or employees.**

Last stop.. The **World War II Airborne Demonstration Team Hangar**...the site of the Jump School and Jump demonstrations. *Expect our guides to be in WWII authentic dress as they tell us the "story" behind the hangar and its purpose.*  
**Keeping fingers crossed that the weather cooperates and we can enjoy a jumping demonstration.**

Late afternoon - depart for home anxious to share the "Stories of Frederick" with our friends and loved ones.

Tour # 20-1022

**Price:** \$119.00 pp

**Includes:**

Transportation

Lunch

Admissions as indicated by the itinerary.
